EXPORT TRADE OF THE COUNTRY INCREASES \$80,000,000

the United States to other countries of the western hemisphere during eleven months of the current fiscal year increased \$80,000,000 over the preceding corresponding period, while exports to the eastern hemisphere for the same period decreased \$14,000,-

According to a report to the depart-ment of commerce and labor, the gain in exports was shown in countries where manufacturies formed the greater part of the trade, the de-creases occurring in parts of the world where foodstuffs were the principal

article of trade. Of the domestic exports to the var-ous grand divisions, last year, manufactures formed in the case of North America, 60 per cent; South America over 85 per cent; Oceania, 85 per cent, and Africa 60 per ent of the total and in these sections of the world the exports of the United States increased: while in the case of Europe to which manufactures formed 30 per cent and foodstuffs 31 per cent of the tures formed 70 per cent and foodstuffs 10 per cent, there were decreases.

A FEDERAL BUILDING FOR BRIGHAM CITY

Brigham City, June 22.—This morning Lorenzo N. Stohl of this city, received a telegram from Joseph Howell at Washington, stating that he had succeeded in securing an appropriation from congress for the erection of a federal building in this city. The telegram stated that \$35,000 had been

The citizens of Brigham have been looking forward for many years to the time when congress would take the move that was taken this week when Brigham's interests were looked after. The representatives from Utah have been working hard to get the appropriation for this city during their administration. A site for the building is now the talk of the town. There are many good sites, but which of them will be chosen is not known. of them will be chosen is not known.
Unless a central location is selected,
a controversy over a site is already
predicted. The business section of Brigham comprises three blocks, and should either one or the other of the blocks other than the central block be selected for the site of the new building, the business men on the other end will likely want the building also.

A PLAGUE OF GROUND SQUIRRELS

Provo, June 22.-Henr Miller of Elberta, in the south end of Utah county, reports that the ground squirrels are so numerous in this sec-tion that they are destroying grain and vegetable crops to an alarming extent. At a recent squirrel hunt the farmers killed many thousands of the rodents, but Mr. Miller states that the pests are so numerous that some more effective means than hunting and peisoning will have to be adopt-ed. Efforts will be made to start some disease among them to exter-minate them:

AUTOMOBILE AND AEROPLANE

St Paul, June 24.—The bird day of the Twin City automobile and aviation meet promises to be one of the most exciting. Ben Kerscher and Barney Oldfield will try to lower more track records, the latter going after the four mile circular track record in his Benz car, which has broken two world's records since the present meet began. There will be a number of match races in addition to the speed trials.

Glenn H. Curtiss is auxious to try for new records in his aeroplane. Condtions were favorable for the last two days, and it is expected he will St Paul, June 24.-The bird day of

two days, and it is expected he will make a satisfactory flight today. He remained in the air for fifteen min-~ utes yesterday.

DAMON ADAMS IS LAID TO REST IN SALT LAKE

The Union Portland Cement Co., Sait Lake, June 24.—The impress-with general offices at Ogden and fac-ive ritual of the Episcopal funeral tory at Devil's Slide, has been award-ed a contract for furnishing the United States government with 9,000 barrels Damon R. Adams, the young son of of their RED DEVIL cement to be used on reclamation projects under way in Utah and Idaho. The order was secured in competition with several old short service and there was scarcely

man was held by all who knew him was evinced by the great profusion of floral offerings which buried the casket. In addition to the scores of bouquets and wreaths sent by the close friends of Mr. and Mrs. Adams and of the young man there were a number of beautiful pieces from or-ganizations of different kinds.

From the Utah National bank of Ogden, with which W. F. Adams was formerly associated, came a magnificent wreath a testimony of the sor row of Mr. Adams' close friends and of their sympathy in his bereavement The altar flowers were the gift of the vestry of St. Mark's cathedral, of which Mr. Adams is a member. Other floral pieces were sent by the Salt Lake high school, by Damon Adams' Sunday school class and by other church and school organizations. The pallbearers were eight young

men of Damon Adams' cadet battal-ion at the Salt Lake High school. They were their dress cadet uniforms and made an impressive picture as they marched with military precision behind the casket of their schoolmate were Alton Myers, LeGrande Daly, Arnold Hauchett, Ernest Weitz, William Igleheart, Donald Coray Frank Hurlburt and Oliver Ritchle. A long cortege accompanied the body of the youth to Mount Olivet cemetery, where it was interred with the brief and solemn rites of the Episcopal church.

CHAINED ENGINE DOWN UNTIL JUDGMENT PAID

Boise, June 24.-A most peculiar instance of law enforcement occurred in this city Tuesday afternoon when one of the passenger engines of the Oregon Short Line railroad was chained to the tracks in satisfaction of a judgment. John Porter was the plaintiff in the case and when the railroad refused to pay the judgment, which was for the sum of \$1013, he placed the case in the hands of the law for enforcement. The deputy sheriff, James O'Conner, with a large log chain, appeared unexpectedly at the station, went immediately to one of the passenger engines standing near and performed his sensational action of chaining the machine to the rall and fastening it with a padlock. He then entered the office, opened the money drawers, confiscated the moneys, amounting to \$100; the next hanl was at the freight depot, where \$300 was found and taken. The treatment was effective, and a short time afterward the railroad made a settlement with Mr. Porter.
